

# U2

## Rugged Wearable

Unleash new possibilities

Ergonomic

Light

Durable

### Hands-free operation

Performing a scanning operation is easier than lifting a finger, literally. With this new rugged wearable, not only work efficiency is improved, but the user comfort experience is also greatly enhanced

### Optional ring scanner

1D and 2D scan engine, both with wired and wireless option are available

### Fast data connectivity

Supports 4G and 3G cellular radio, and 802.11a /b/g/n WiFi, and Bluetooth

### Rugged design and reliability

The U2 is drop tested with 1.5m and the sealing is tested with IP65 standard

## UROVO U2 Specification

|                           |                       |  |   |
|---------------------------|-----------------------|--|---|
| Basic Characteristics     | O.S                   | Android 5.1  |   |
|                           | CPU                   | Quad-Core 1.2GHz   |   |
|                           | Display               | 4.0 inch TFT-LCD WVGA (480×800) color screen   |   |
|                           | Panel                 | Support Multiple finger touch, gloves touch.   |   |
|                           | RAM                   | 1GB/2GB  |   |
|                           | ROM                   | 8GB/16GB   |   |
|                           | Dimensions            | 118mm×91mm×33mm  |   |
|                           | Weight                | 273g (Included battery and wristband)  |   |
| Power                     | Buttons               | Context Button, Home Button, Back Button, 2 User definable buttons (F1, F2) , Button, power button |   |
|                           | Main Battery          | Rechargeable 3.8V 2850 mAh   |   |
|                           | Charging time         | No more than 4 hours   |   |
|                           | RTC Battery           | Real time clock battery  |   |
|                           | Wi-Fi                 | 802.11 a/b/g/n wireless communication  |   |
| Radio Communication       | Chinese version       | 4G   | TDD-LTE:Band 38/39/40/41; FDD-LTE:Band 1/3      |
|                           |                       | 3G   | UMTS(WCDMA)/HSPA+/DC-HSDPA:850/900/2100MHz      |
|                           |                       | 2G   | GSM/EDGE:850/900/1800MHz                        |
|                           | International Version | 4G   | FDD-LTE:Band1/2/3/4/5/7/8/20/28A/28B            |
|                           |                       | 3G   | UMTS(WCDMA)/HSPA+/DC-HSDPA:850/900/1900/2100MHz |
|                           |                       | 2G   | GSM/EDGE:850/900/1800/1900MHz                   |
| Expansion and peripherals | Camera                | 8MP camera with LED flash and auto-focus function; Support camera scanning                         |   |
|                           | GPS                   | GPS, A-GPS, BDS  |   |
|                           | Slot                  | Micro SD/TF, Micro SIM   |   |
|                           | Interfaces            | 3.5mm Audio port, Magnetic pogo pin (With USB and charging functions, Support wired scanner)       |   |
|                           | Audio                 | Loudspeaker, Microphone  |   |
| Accessories               | Standard Accessories  | Power adaptor, USB-Magnetic pogo pin data cable, Instructions, Wristband                           |   |
|                           | Optional Accessories  | Battery charger, ring scanner  |   |
| User Environment          | Operating Temperature | -10~50°C   |   |
|                           | Storage Temperature   | -20~70°C   |   |
|                           | Humidity              | 5% ~ 95% (non condensing)  |   |
|                           | Drop Durability       | 1.5m   |   |
|                           | IP                    | IP65   |   |
